HINO GENUINE ACCESSORIES

A Toyota Group Company

300 Series

WHY USE HINO GENUINE ACCESSORIES

There's nothing Hino's engineers don't know about getting maximum durability from your Hino Truck. Even Hino's range of accessories are designed to exacting specifications, manufactured with the highest quality materials and tested to the extreme to seal their quality build and performance.

Accessory Warranty

Just like your Hino truck, each accessory is fully backed by Hino's 3 YEAR Unlimited Kilometre Warranty. By keeping your Hino 100% Hino using genuine accessories, you'll benefit with peace of mind so you can focus on looking after your business profitability.

NUDGE BAR

A lightweight, polished tubular alloy that is aerodynamically designed. Also has airbag compatibility and is suitable for urban use.

BULL BAR

A combination of quality and functionality. Made from a single channel with polished alloy finish. Also airbag compliant, making them an integral part of the overall safety system. Driving lights sold separately.

LED DRIVING LIGHT KIT

50,000 hour + life span, low power consumption with unbreakable Lexan lens and anti-theft fasteners to complement your Hino bull bar.

HEAVY DUTY TOW BAR KIT

Hino Heavy Duty Tow Bars are engineered specifically for custom fitment to gain maximum towing safety. Standard features include fixed tongue, 50mm ball and coupling for trailer towing with electric brakes up to 4,500kg. Optional adjustable tongue (pictured), 70mm ball or pintle hook.

CHROME WHEEL COVERS

Hino Chrome Wheel Covers for front and rear wheels will give your truck a premium look. Available for five and six stud 16 inch rims and 17.5 inch rims.

STATE-OF-THE-ART ACCESSORIES

Hino's range of **state-of-the-art** accessories is designed to provide extra driving safety, comfort and convenience. Like all other Hino parts and accessories, our **state-of-the-art** accessories are also manufactured to exacting specifications to provide long life durability and reliability – just so you get the best out of your truck!

SATELLITE NAVIGATION

Never get lost again with the Hino Multimedia system. Update your system with a fully featured satellite navigation package including truck specific routing. Package comes with free map updates for three years. The Hino multimedia system with Satellite navigation has been designed for day to day use to ensure all your Audio / Visual / Navigation requirements are satisfied.

REVERSE CAMERA KIT

Enjoy your driving experience knowing that your vehicle, property and pedestrians are all safe. Offering exceptional reversing visibility in any circumstances, when fitted by viewing the rear or side of your vehicle through the multimedia unit display screen. Option to fit up to three reverse cameras on your vehicle.

UHF CB RADIO

A single DIN unit comes with 80 auto channel programming, master scan technology and hand set. Designed for easy installation utilising custom brackets and harnesses for simple plug and play. Unit also comes with a high quality antenna.

LANE CHANGE ASSIST SYSTEM

Hino's lane change assist camera system will significantly increase visibility to the left and right side of the truck. The camera system enhances driver awareness of space by eliminating the blind spots. When the left or right indicator is applied, the multimedia unit will display the camera view on the screen.

DVR CAMERA SYSTEM

A discreet dash cam with true HD video images with wide viewing angle. Unit is equipped with features like 2 channels for video recording, a 5.0 mega pixel front Camera and a 2.0 mega pixel rear Camera, digital zoom, intelligent parking monitoring and is Android / iOS application supported.

SPEAKER UPGRADE KIT

Designed to both complement and enhance the Hino multimedia system. This plug and play upgrade kit features 3 way coaxial speakers with a 210W peak power rating.

300 SERIES FOG / DAY TIME RUNNING LAMP (DRL)

Daytime running lights (DRLs) are a crash avoidance feature designed to help prevent crashes by increasing the visibility of the vehicle during daylight hours.

DRLs turn on automatically when the ignition is switched on and are overridden when regular headlights are activated. Hino DRL kit replaces the existing fog lamp and is designed for easy installation utilising custom brackets and harnesses for simple plug and play.

TYRE PRESSURE MONITORING SYSTEM (TPMS)

A fully wireless system that will measure both tyre pressure and tyre temperature providing an audible and visual warning to the driver should either the tyre pressure or temperature become too low or too high. This system requires one sensor per tyre with the ability to monitor up to 24 tyres.

REVERSE PARKING SENSOR KIT

Complete plug and play reverse parking sensor kit used to aid the driver when parking and manoeuvring.

This system comes complete with four sensors and a buzzer with all necessary electrical components for easy fitment.

FRIDGE (COOLER/WARMER)

Eleven litre capacity featuring a movable partition to create hot & cold zones that can be operated at the same time with warming temperatures ranging from room temperature to 55°C and cooling temperatures ranging from 10°C to 0°C.

Available for 500 and 700 Series models where a centre seat is fitted.

KEEPING YOUR HINO 100% HINO

This is the ultimate testing laboratory. Nothing escapes maximum punishment. It's where legends are made and built into the everyday work horses that you, as a Hino owner, have come to rely upon for your livelihood.

That's why it's important to keep your truck all Hino by using only Hino genuine parts - made to last! This guarantees your truck will deliver maximum reliability backed up by the security of Hino's warranties should it ever be needed.
